

ZONING REPORT

APRIL 2017

Received three new complaints regarding zoning/blight violations.

On 4-5-2017, the Township Supervisor and myself met with one of the property owners on Weeden Road. We pointed out several areas that are effected with violations. Some cleanup has been done. We will now wait to see if the cleanup is done by the end of this month.

I am also working with the State of Michigan on LEIN access. This is needed to obtain records from the Secretary of State Office on vehicles. I am also looking at being able to enroll in a police report writing system. This is through the Michigan State Police. Also records are held by their agency and this would be paperless for us.
